

OCCUPATIONAL HEALTH AND SAFETY POLICY

EFTCG SAN. A.S. has adopted occupational health and safety as an integral part of the corporation policy and it aims a successful performance to achieve continuous improvement by complying the relevant legal and other terms in effect.

Our responsibilities for occupational health and safety are among the main tasks of all our employees in the leadership of the upper management.

Our management whose priority is occupational health and safety, is determined to, identify and publish targets, according to this policy,
Actively join the system by taking the recommendations of our employees and to use the necessary resources.

We will choose technologies for the removal of the hazards that may have risk for the health of our employees.

We believe that success in occupational health and safety will increase our efficiency, we will continuously improve the system that we have implemented,

We will maximize awareness of occupational health and safety by evaluating risks and opportunities with sustainable and proactive occupational health and safety management,

We will try to detect and prevent the dangers that may cause occupational accidents and diseases by effectively protecting our employees against all hazards,

Taking account of the needs and expectations of the parties, we will contribute to the awareness of the health and safety of our employees through training, efficiency and other activities and create a strong culture of occupational health and safety,

We are committed to comply with all requirements of this policy.
